

## MAHSA International Dentistry Conference 2021 (Mi-DENT-2021)

### DENTAL EDUCATION SYMPOSIUM 1

**Date: 24<sup>th</sup> September 2021**

**Time: 9.30 am – 11.00 am**

#### Clinical-Based Education in Restorative Dentistry, Orthodontics and Paediatric dentistry

This Symposium is arranged to focus on the views and sharing experiences about the various hurdles in clinical based education in Restorative Dentistry, Orthodontics and Paediatric dentistry for undergraduate and postgraduate students. The Speakers and panellists will share their views on the possible impact on the covid -19 graduating batches and their dental career while revealing the strategies planned or implemented to overcome some of them at the University or National Level.

The panel members would enlighten on possible innovative teaching approaches and the allocation of funds for delivering the clinical training to achieve the relevant competencies. The panel discussion would emphasise the influence of pandemic on clinical or laboratory research and the possible limitation of overall progress with potential solutions and suggestions on appropriate research areas in this pandemic.

Audiences from various academic institutes and students will have the opportunity to express their enquiries and share their experiences and find new collaborations to move progressively together in this fight against the pandemic.
